Please mark your calendars and tell your friends about our next Open House on Tuesday, April 28 during the school day 9:00 a.m. to 11:30 a.m. and again that evening from 6 p.m. to 8 p.m.

Many public school parents are now beginning to think about school options for next year. See Mrs. Mailloux if you would like copies of our admissions brochures to hand to family and friends. Remember, word of mouth is our best advertisement.

ERB Testing Continues This Week

April 8-14

Testing will continue through Wednesday, April 14th. It is important during testing that your child get plenty of sleep each night and eat a healthy breakfast each morning. You might even talk with your child about testing and assure them that there is no pressure to perform - they should just do their best.

Your child's class schedule will be different than a normal week in order

to accommodate the testing. One change is that no new homework will be assigned during the testing week, but we encourage you to have your children continue to read each night and to work on any long term projects that have been assigned.

Make-up's will be given only for excused absences (i.e. sickness). Testing results should be received by the end of school and will be mailed with your child's report card.

Thank you,

Mrs. D'Onofrio

Annual Auction Thank You's

WOW - what a great Auction this year! From the food, to the desserts (my personal favorite!) to the singing from the student Chorale, and the excitement of the live auction and the auctioneer, everything was a great success. I want to thank everyone who was involved in making this year's auction such a wonderful event, including most of all the wonderful, hardworking and committed people on the auction committee, without whom this would not have happened:

- Janet Morose, who sent out all the solicitation letters and made follow-up calls to make sure we got in as many donations as possible.
- Linda Brown - our newest committee member - who spent hours and hours logging in all the donations, and kept the donated items at her house for the many weeks leading up to the Auction.
- JJ Melendez, who worked so hard on procuring the desserts and decorations while keeping our expenses down (great job, JJ!).
- Lisa Stallsmith, who coordinated with the teachers in getting all the class donations and teachers' gifts together, and who designed the posters and program cover;
- Barbie Bohannon, who provided unfailing commitment and support to this auction and helped keep the check-out line moving along smoothly.
- Eric Keyes, who provided invaluable support and input, and put together the PowerPoint presentation which ran throughout the night.
- Leeann Tinkham, who lent her considerable graphic design skills and talents in putting together the program cover and ad layouts, and creating the banners - among many other things!
- Bettie Wright - our treasurer and more - who knows the auction software better than anyone, and who provided calm (yes, calm) reassurance at the computers so that the whole process ran smoothly.
- Rick Mailloux - thank you, thank you, thank you for letting us use your computers at the auction, and for your invaluable tech support prior to and throughout the auction!

Thank you also to Barbara Caufield and my two daughters, Ashley

and Lindsay for helping out on Auction night. Thank you Martin and Larry and the Board for your support for this event. And last but not least, thank you Patty Razumny for calling me every Monday with a reminder to put something about the Auction in the Reflector!

Thank you to all the parents who donated items, procured a donation and attended the auction! It wouldn't be the success it is without you!

If I've forgotten anyone, please accept my apologies! Your help has not gone unnoticed!

Looking forward to next year!

Sincerely,

Lori Glazier
Auction Chairperson
