

Name: _____

NSCS Summer Learning 2023

Entering 3rd Grade!!!

Instructions: Please complete 5 literacy entries (green columns) and 3 math (blue columns) in total for the summer. An hour of reading per week is also required. Use the notebook provided for the math, reading dates and times, and writing entries. Have a great summer! :)

Journal Entry: I wish I had a _____. (who, what, where, when, why & how)	Spend 20 Minutes on a math practice website.	Journal Entry: I really love to _____. (who, what, where, when, why & how)	Have your parents write out ten, 2-digit subtraction problems and solve them.	Journal Entry: In 3rd grade I am most excited to learn about _____. (who, what, when, where, why, & how)	Count all the spoons in your kitchen drawer by twos.
Use chalk and write down as many words as you can that have a "v-e" pattern.	Roll two dice, write down the first 2-digit number. Do it again and add up the second 2-digit number. Do this 5 times.	Create your own song!! Use 5 nouns, 5 verbs, and 5 adjectives!	Ask your mom or dad for their change in their wallet and add together their coins!	Spend 20 Minutes on a reading practice website.	Using a ruler, measure someone's arm, leg, and finger in inches and centimeters.
Go outside and play a sport. Afterwards, write down all the verbs that have to do with what you just did!	Find, draw, & label different flat surfaces inside & outside house (hexagon, pentagon, triangle, circle)	Journal Entry: My favorite summer activity is _____. (who, what, where, when, why & how)	For one week, write down what time you go outside and play for. Also tell me how long you play for each day outside.	Journal Entry: I really don't like _____. (who, what, where, when, why & how)	Estimate how many of three items you have in your house. (EX: cotton balls, Q-tips, legos)
Journal Entry: My favorite holiday is _____. (who, what, where, when, why & how)	Go to the store and estimate how much each item costs that mom or dad buys.	Visit a Museum and write about it after!	Have your parents write out ten, 2-digit addition problems and solve them.	Write a summer poem with rhyming words!	Order from least to greatest the ages of the people living in your house!
Watch your favorite movie and write a different ending to it!	Write a schedule of your day. What time do you do each thing & how long does it lasts.	Use chalk and write down as many words as you can that have "ay" and "ai".	Find different 3D shapes inside your house and outside your house & write them down! (EX, sphere, cube, rectangular prism...)	Write a Letter to a friend or family member.	Estimate the amount of time it takes to brush your teeth, eat breakfast, play outside, and eat dinner!
Write a story about a trip you took this summer.	Play store with someone & be the cashier! Total up their coins and give them the correct change back!	Journal Entry: If I were an adult for one day I would _____. (who, what, when, where, why & how)	Using a ruler, measure 5 things outside in Inches and Centimeters!	Write down adjectives that describe summer!	Spend 20 minutes on a math practice website.
