Hi Teacher!

Have you ever been asked by a parent to send home a journal to complete during the summer? I have! That is exactly why I created this resource.

You can copy the first pages as a cover. I like including the "Ideas for Writing" pages because it can be difficult for young kids to generate topics.

After those pages, I have included several journal page choices.

You can...

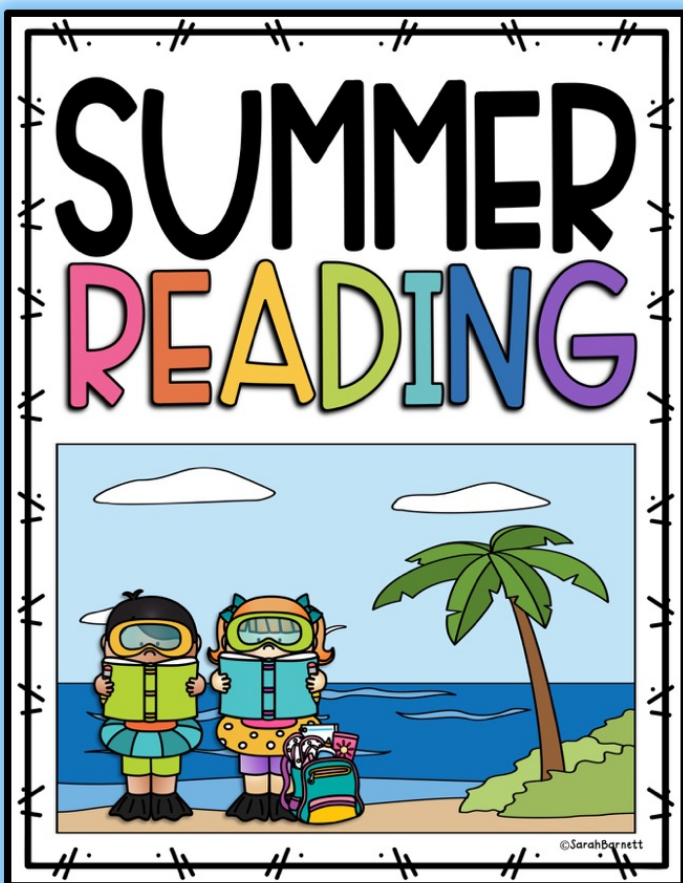

- Copy several of the blank pages (with no clipart) and staple it together to create the journal.
- Copy the pages with clipart and staple it together to create the journal.
- Use as many (or as little) pages as you like.
- Copy the pages double sided (this is what I do!) to save paper!

I hope that you find this resource useful! I would love to hear how it works for your class. Please email me at mrsbarnettfirstgrade@gmail.com with any and all questions!
