

Spring 2026

Dear Soon to be Third Grader,

You have worked so hard and learned so much in Second Grade! You have shown perseverance, growth and kindness. You were such an important part of our class!

Third Grade is just a few months away. Attached you will find a summer reading log, a summer writing journal, and math activity menu to keep your brain in shape over the summer.

You should read by yourself or with an adult at least an hour every week. Write down the names of the books you read in the reading log. Choose at least 5 journal entries and at least 3 of the math activities to complete.

If you bring this packet to your new teacher on the first day of school, she will have a special prize for you!

Have a wonderful summer!

Love,

Mrs. Lowe
Mrs. Selinger

North Shore Christian School

Rising Grade 3 Summer Work

Please complete an hour of reading per week, five journal entries, and three math selections from the choice board!

Name: _____

Reading Log

WHAT BOOKS DID YOU READ THIS SUMMER?

1.	7.	13.
2.	8	14.
3.	9.	15.
4.	10.	16.
5.	11.	17.
6.	12.	18.
19.	20.	21.
22.	23.	24.
25.	26.	27
28.	29.	30.

The cover features a vibrant beach scene. Two palm trees with green fronds and brown trunks stand on either side of the title. The background is a light blue sky. The foreground is a sandy beach with rolling dunes. On the left, a yellow and blue beach umbrella is open. In front of it is a beach ball with red, white, and blue segments. On the right, a surfboard with a red border and yellow and blue sections is partially buried in the sand. A red starfish is also on the sand near the surfboard.

Summer Writing Journal

- 1) **My Dream Summer Day:** If you could plan the perfect summer day from morning to night, what would you do? Where would you go and who would you be with?

2) **The Ice Cream That Came to Life:** Imagine you dropped your ice cream cone and it suddenly came to life! What happens next?

3) **My Summer Superpower:** If you had a special summer superpower (like making it snow on a hot day or turning into a dolphin), what would it be and how would you use it?

4) A Trip to Outer Space: You've just been invited on a summer vacation to the moon! What do you pack? What do you see when you get there?

5) The Sandcastle Kingdom: While building a sandcastle at the beach, you discover it's actually a magical kingdom. What happens when you step inside?

6) My Favorite Summer Snack: Describe your favorite summer treat. Why do you love it? How is it made or where do you get it?

7) **If I Had a Pet Flamingo:** What would it be like to have a flamingo as a pet? What fun things would you do together?

8) Summer Adventure with a Book Character: Pick your favorite character from a book and imagine going on a summer adventure with them. Where do you go and what do you do?

9) The Day It Rained Popsicles: One summer morning, it starts raining popsicles! What do people do? What do you do?

10) My Summer Wish List: Write a list of 5-10 things you hope to do before school starts again. Why are these things important to you?

Math Choice Board

Measure Me! Use a nonstandard form of measurement to measure someone in your household!

3D Shape Hunt! Look for 3D shapes around your home or in your neighborhood!

Flower Graphing!
Go for a walk and tally the types of flowers you see. Make a bar graph with the results.

Make an array using objects found in nature. Write a repeated addition sentence to show the total.

Build a blanket fort and practice your addition and subtraction facts from inside.

Use chalk on the sidewalk to skip count by 5s, 10s, or 100s. Go as high as you can.

Count the stuffed animals in your house. Write the total in standard, expanded, and word form.

Write a word problem about a day at the beach or pool and draw a picture to help solve it!

Make a schedule for your day with someone at home. Remember to use AM and PM when you write times!
